## **BRINGING ESPORTS TO PIMA COUNTY:**

The Pima County School Superintendent's Office and the Electronic Gaming Federation have teamed up to develop a high school and middle school competitive & educational esports program for the students in Pima County.

See below for more.

## **WHO IS THE ELECTRONIC GAMING FEDERATION:**

EGF is a national esports body organizing formalized leagues for colleges, high schools, and middle schools across North America.

Through competition, education, and direct support for program development, EGF's focus is the development of leadership, teamwork, and community using esports as a platform.

## **BENEFITS OF AN ESPORTS PROGRAM:**

- Help students find their community in school
- Empower students to practice teamwork and leadership skills
- Platform to create opportunities in education and community development
- Provide a potential path to career or college opportunities

## **WHY EGFH?:**

- EGFH is an interscholastic esports league hosting a Fall and Spring season each year
- Competition can be held online or on campus to fit your community's needs
- Dedicated staff from EGF to support your program as it develops
- In-person championships held in June at Walt Disney World

## **WHAT DO I NEED TO GET STARTED?:**

- Get in touch with an EGF representative
- Schedule a short introductory meeting
- Complete exploratory process including an informal tech audit and program development evaluation
