

# Grace Jasin

## Catalina Foothills Unified School District No. 16

I moved to CFSD 45 years as a result of my late husband (a USAF physician), Dr. Walter Jasin, who transferred from Wilford Hall, San Antonio Texas. I am a mother and a grandmother. I have 2 adult children who have attended CFSD schools. I have been a PH.D. Clinical Psychologist for 36 years. I also have a Master of Science Degree in Nursing and Nursing Education and have taught nursing here at the U of A.

My strong medical and educational background, combined with practical work and life experience position me well to be on your governing board. I have worked extensively with children and families. I have conducted psychological assessments, research, curriculum development, and outcome measurement, as well as serving on committees and boards in local hospitals.

### My Priorities:

- Reclaim academic excellence and reverse the decline which has been occurring since 2017 (before the pandemic). Prioritize reading, math, civics, science and the arts.
- Increase transparency and communication with families and adhere to the Arizona Parents Bill of Rights: The liberty of the parents to direct the upbringing, education, health care and mental health of their children. The right to direct the moral or religious training of the minor child. The right to make health care decisions and to access and review all medical records.
- Keep schools open and masks optional. Encourage more parental involvement and advance a student first pro parent agenda.
- Examine school safety protocol and hire armed security for all schools.
- Create more opportunities for career and technical education.
- Ensure fiscal responsibility through oversight.

I and two other candidates, Dr. Bart Pemberton and William Morgan will prioritize the education of the whole child, and we will collaborate with parents to meet the needs of their children in school.

Let's Fix This!
