

# Jayme Morris

## Vail Unified School District No. 20

Hi, my name is Jayme Morris and I am running for the Vail District School Board. I am a Tucson native and have raised my family in the Vail community for the past twelve years. My twin boys have attended Vail schools since kindergarten and are now thriving at Mica Mountain high school. My experience with our school district includes in classroom assistance, after school programs, healthcare screenings, PTO, and four years volunteering with Site Council, in which time I work first hand alongside our principal, teachers, administrators and parents. Together we collaborated on school improvement programs as well as developed and reviewed the annual budget.

As a parent of two sons in the school district, a school volunteer, a healthcare provider and a community member, I understand how incredibly valuable the entire school community is to the success of the school and its students. In order for our students to succeed we need to stay engaged, and assure parents and teachers feel like their concerns are being heard or addressed.

My focus will be on decisions that have a positive impact on students and teachers while representing the community's best interest. Together, families, educators, and our community members can help our children reach their fullest potential contributing to society and helping keep Vail growing and thriving.

I will bring an open mind and objectivity to the board, while maintaining transparency throughout. My goals are to listen, research, and use my experiences to govern in a way that will unite and support our community. It is important to focus on the building blocks in education and to teach our children the basic fundamentals to prepare them for life after school. We need to make sure every student is on a path to graduate and educationally equipped to lead a successful life.
