

Raul Rodriguez

Sahuarita Unified School District No. 30

I'm running because I believe our children learn best in a classroom environment and I strongly believe that parents have every right to know what their children are learning and hold the exclusive rights for all health-related issues.

During my first term, I'll focus on Retention of Teachers and Staff, Parent/Student Advocacy and Transparency.

I've spent my entire career serving this great country, I look forward to serving my community.
