

Anastasia Tsatsakis

Vail Unified School District No. 20

I'm Anastasia Tsatsakis, the candidate for Vail Unified School District Governing Board. I am a wife, mother, patriot, devout Orthodox Christian and a Nebraska Cornhusker fan! Faith, family, 2A rights, and being a true Constitutional Conservative drive my motivations.

Omaha is my home and where my heart is. I married my husband in Illinois and after 13 years we ultimately found our way to Arizona, where we have happily lived for 9 years. We made Vail our home and since then have been very involved in our community. For 4 years I helped run the Tucson Greek Festivals as a committee chair, entertainment coordinator, media coordinator, marketing coordinator, Military Volunteer Coordinator, dance director, hostess and MC. Additionally, I am a Precinct

Committeeman for our district and community, representing the best interests of the people.

My leadership skills, advocacy abilities, attention to detail and research capabilities makes me a force to be reckoned with. My parents taught me at an early age that you earn everything you get. Nothing is handed to you and there's no participation trophy in life. You must work for it. I have been in sales since I was 16. Currently, I am a REALTOR for 19 years. This is the most fulfilling career choice for me and I love it! Additionally, I am a District Partner with my insurance MGA firm, whom I've been with for 12 years, helping people find the best insurance options to fit their needs.

I first realized in 2020, when our district was considering mitigation plans, that I needed to take action and knew trouble was coming. I've been in front of the school board fighting for the kids and their rights ever since.

After April 27, 2021, I was catapulted into the spotlight for being "elected" to the VUSD board and calling for mask mandates to be lifted for everyone. The day after I was one of the first people to sign up to run for the school board. Since then, I have fought for our community, demanding answers to the questions that are, to this day, burning to be addressed. Everything from mandates, funding, CRT/SEL, GLSEN, pornographic books taught in the classrooms, agenda driven curriculum, curriculum transparency issues, ESSERS, and calling to account the wrongdoing and silence of both the current board members and our department of education regarding a great many things!

My valuable connections to many important school choice groups and advocates in Arizona and across the country, coupled with the assistance of the state and federal legislature will make me invaluable to my district and our community!

Accountability, transparency, teacher funding and retention, preservation of parent and child rights, and fighting for the community are my goals! I'm asking the community to re-engage with our Governing Board and partner with me to make our district what it needs to be! Join me and let's create the future path to greatness together! Got to my website at www.anastasia4vail.com for more information and to donate to my campaign!
