## Marana Unified School District No. 6

I consider myself fortunate that my career path has led me back to my starting point, living in Marana, and now with five children attending three different schools within the Marana Unified School District. This is the reason I am running. I am vested in the success of my children, and I understand that their success is dependent on building a foundation of knowledge and skills which they can take out into the world. Additionally, I understand that the model to create opportunities for achievement is just as important for every parent and family of MUSD students. I understand that my commitment to the board will carry the weight of every family and educator in the district as the duty of a board member is to be the voice of the stakeholders. Driven by my concern and love for my own children, I am ready and willing to take on that responsibility. My willingness to listen and to learn, my commitment to public education and my dedication to putting family and community first, makes me a highly qualified candidate.

My span of support crosses political aisles as everyone can agree on the importance of providing a high-quality education and the importance of creating opportunities for achievement. I am fortunate to have the endorsement of Tom Carlson, who has been serving on the MUSD board for close to 14 years, the support of the Marana Education Association, and numerous other parents and educators living in the district. I am grateful for their support.

As a proud Marana native and MUSD graduate, I have experienced firsthand the transformative impact of Marana Unified School District on our community. My journey—from earning a bachelor’s degree in accounting and business administration from the University of Wisconsin-Stevens Point to completing an MBA in Finance from Arizona State University —has equipped me with the skills and insights necessary to foster success and growth in our district.

With a career spanning public accounting, executive roles, and consulting, I have honed a unique blend of strategic leadership, financial expertise, and internal process improvement. Since 2021, I have partnered with businesses to enhance performance and drive turnaround efforts, skills which I believe can be applicable to the MUSD board as any organization should always be striving to be a little bit better each day.

### **Safety in Our Schools**

A safe environment is non-negotiable.

### **Community Involvement**

Ensure students, parents and educators have strong relationships.

### **Managing Growth**

My experience in strategic growth and financial oversight equips me to make sound decisions about budget allocations and investments that will directly enhance our schools’ infrastructure and resources.

### **Preparing Students for Future Jobs**

Continue to build on MUSD’s achievements in preparing students for future success.

I ask for your support and your vote to ensure MUSD remains a leader in providing high-quality education. I am ready to be a voice for MUSD families and educators and a leader who will work tirelessly to ensure every student can succeed.
