

Jacquelyn Davoli

Catalina Foothills School District No. 16 (Four-Year Term)

I am Jacquelyn Davoli, and I am honored to be a Governing Board candidate for Catalina Foothills School District. School board elections are nonpartisan, and above all Board members must prioritize the best interests of students, their families, district staff, and the community.

Children have a right to public education. Adults have an obligation to ensure students receive the best well-rounded education we can provide. That obligation is a duty and commitment to our future. The education and curriculum decisions adults make on behalf of children have far-ranging impacts that go beyond a student's time in K-12 education.

I am a parent to a 2024 CFHS graduate; my family joined CFSD as an open enrollment family. The robust and varied academic, arts, and sports programs CFSD employs to educate the whole child are why we sought out the district. CFSD fosters a learning environment that's open, accepting, inclusive, respectful, and challenging at each individual student's skill and knowledge level. CFSD is committed to holistic, high-quality education, and enjoys a well-deserved reputation of excellence.

As a CFSD parent I loved every minute I spent volunteering in support of my daughter's education. I was able to interact with the schools in a unique manner; it was time well spent and incredibly rewarding. As a lifelong Tucsonan educated in public schools who believes in the power of public education, I feel so fortunate we were able to choose CFSD.

My qualifications for Governing Board include:

- Diverse work background, from Fortune 500 company to two successful family businesses.
- Collaborative in teaming with others and navigating organizational structures.
- Critical and analytical thinker committed and diligent in getting work done.
- Goal-oriented, data-driven; meticulously evaluates details to ensure success.
- Ensures multiple angles of an issue are addressed when developing solutions and making decisions.

CFSD is an excellent school district. I seek to build upon this excellence for years to come. I ask for your vote so I may do so.

My priorities include:

- **Building on existing Career & Technical Education (CTE) opportunities.** We must provide opportunities for students to learn and grow in ways beyond traditional classroom learning. CTE programs are aligned with higher education goals and prepare students for successful, valuable professions they can enter directly after high school.

- **Promoting students' social and emotional learning (SEL).** SEL should continue as an intrinsic part of a well-rounded curriculum. It leads to more positive learning outcomes and students who are prepared to thrive in our communities, workforce, and global economy.
- **Strengthening relationships across schools, among grade levels, and with parents.** Students and staff at all levels, supported by parents/guardians, make CFSD the success it is. Building on existing programs to make those connections more robust will only serve to strengthen the district.

My fellow candidates Tom Logue and Eileen Jackson share my values. I respectfully ask you to vote for our pro-CFSD slate. A vote for us is a vote to always put **Students First**.
