

Laura Moore

Vail Unified School District No. 20

I am Laura Moore and I am humbled to have the opportunity to run for the position of governing board member for the Vail Unified School District (VUSD), 2024, general election.

I just recently retired from law enforcement with 25 years of service and have lived in the Vail community for 16 years with my husband and two children, who have always been enrolled in the VUSD. I have countless hours volunteering in the classroom, PTO, PTA, PTSA, site councils, teacher of the year board and cheerleading coach and I have enjoyed every minute.

My goals are to ensure the VUSD continues and exceeds the educational excellence that already exists. I also support the much needed safety upgrades to all the VUSD schools to ensure students, teachers and staff are safe while on campus or other school property. I feel strongly about being a parent's right advocate and will loyally defend their right to a voice. I would also like to focus on teacher and staff retention and as well as transparency.

If elected to the VUSD as a board member, I will fulfill my obligation to its fullest and represent the parents and community that elect me. It would be an honor and privilege to serve as your representative.
