

# David Willard

## Marana Unified School District No. 6

Keep David Willard MBA current governing board member of Marana Unified School board. Vote Willard in November! David Willard is endorsed by Marana Mayor Ed Honea and by the Marana Education Association of teachers. Our community supports David Willard.

I have been faithfully serving on the Marana Schools governing board since 2023. My top priority, focus, and commitment is to the students, parents, and teachers of MUSD. Marana is an amazing city and it is only getting better. My four grown children and I all work and live in Marana. One of my daughters is a teacher at Quail Run Elementary. I value your family and the values of Marana.

### My Key Goals:

1. Student Success
2. School Security
3. Having the best teachers in southern Arizona
4. Supportive Administration
5. Having the premier school district in Arizona

While serving, we have guided MUSD to one of the premier school districts in southern Arizona. People move to Marana so their children can attend one of our great schools. Marana is experiencing rapid growth with jobs, industry, and population. I bring the experience necessary to continue to guide our schools and young people through this time of expansion. My years of experience in business, helping guide the security of our nation after 09/11, and as a community leader in Marana helps me stay informed and relevant to the needs of Marana. I listen to Marana families and young people. All students have the right to walk into their future prepared and confident. They will experience success as I continue to help guide Marana Schools.

In the past, I successfully led the Austin Independent School District through a successful \$600 million dollar bond program that built new schools, added classroom space, and installed district-wide security measures to keep children and teachers safe while they do the important work of education. Marana needs new schools and I will be there to help bring them to our community.

School security is paramount for learning. I have supported and approved expanded funding for increased security in all of our schools. As a member of the governing board, I have voted for limited access to non-school individuals, upgraded electronic security, perimeter fencing around our schools, broken ground on MUSD's new K-8, and updated internet security.

Work with me as I continue to enhance, protect, and grow our amazing Marana schools! Keep David Willard as a Marana Schools Governing Board Member!
